

School Council Fundraiser: Please support the School council vegetable fundraiser. For \$25, you can purchase a large sac of fresh vegetables from local farmers and \$10 goes back to the school council. The school council uses the funds to support programs in the school such as technology cost sharing, athletics, musical instruments, STEAM kits (Science, technology, engineering, arts, and mathematics). You can purchase the vegetables on school cash online or paper copies of the fundraiser were also sent home.

Milk tickets and **Pizza** lunch are available on school cash online for purchase and today is the last day to order **Zucca** lunch for the month of October.
