Loaner Laptop

If you have borrowed a school laptop, please return it to the office to receive your deposit.

We will also ask you to complete a short survey at this time.

End of Year

To pick up your medication in the main office

From the Office

Things to know before you go on summer break!

Locks

Students are responsible for removing their lock each year!

Remove and take home your lock and the contents by Wednesday, June 27, 2018.
 Avoid the expense and save your lock for next year.

Locker Summer Cleaning

All lockers are scheduled for cleaning by the school the first week of July.

Report Card Pick up

Report cards are available for pick up during
 July 4 - 5, July 9 - 12, 2018
 Between 8:30 a.m. – 4:00 p.m.

The office will be closed for lunch 12:00 p.m. - 1:00 p.m.

Thank you for your cooperation

We wish all our students the best for their upcoming exams but recognize sometimes getting ready for an exam can be tough.

Please check out the following Top Ten Study Tips from Top Universities

<https://www.topuniversities.com/student-info/health-and-support/exam-preparation-ten-study-tips>

1. Give yourself enough time to study
2. Organize your study space
3. Use flow charts and diagrams to summarize information
4. Practice your old tests and quizzes
5. Explain an answer to a study partner, parent or sibling
6. Organize a study group with friends but be careful it's a study group not a social time
7. Take regular breaks
8. Snack on healthy brain food for sustained focus and avoid junk food
9. Plan your exam day...time, place, materials, etc.
10. Drink plenty of water

Good luck, we believe in you.

Textbook Check

Materials on loan to students are the property of the YRDSB. Students are responsible for the return of their textbooks in good condition to their subject teacher on the last day of class or at the time their exam is being written.

Materials lost or damaged must be paid for.

JULY 3 – AUGUST 16 Lassonde's Women in Engineering Student Research & Mentorship Program

A six-week paid program for young women who have completed grade 11 physics

Lassonde School of Engineering at York University is hosting its popular Student Research & Mentorship Program for female students who have finished grade 11 physics. This is a 6-week paid part-time position to be paired with undergraduate researchers and have the opportunity to get hands-on experience working on research that is making a difference in society. Learn CAD modelling, 3D printing, maker technique and more. Receive mentorship from our Assistant Dean, attend exciting events with successful women, build life-long skills and friendships, and get a taste of post-secondary life!

Research Projects include:

- Developing biological medical devices to improve human health
- Designing innovative groundwater remediation technologies and green roof designs to protect the environment
- Creating 3D printed structures for aerospace and sports applications

"The whole initiative in general has really moved me to try my absolute best to go into the engineering field"
-Program's first applicant

LASSONDE CHALLENGE

Canada's first engineering school committed to achieving 50% women in engineering.
