Career Cruising and Secondary Online Course Selection

Career Cruising is an interactive career guidance and pathways planning tool designed for people of all ages. The tool can help students to explore different career options, manage course selections online--and plan various pathways to meet the requirements for their desired career path.

Grades 1-5 students will access the Career Cruising online tool through a new district account with the option to create their own portfolio accounts.

Grades 6-12+ students are directed to sign into the site with their district assigned account. The portfolio username for students is york-xxxxxxx where xxxxxxx is the student ID. When logging in for the first time the password will be the student's birth date using the format mmddyyyy. The system will prompt the student for a new password after successfully logging in for the first time. All students will start their portfolios from scratch in Career Cruising. Students from Grades 8 through 12+ will perform their course selections through the Course Planner module on the Career Cruising site.

Successor

This course is designed to develop the oral communication, reading, writing, and media literacy skills that students need for success in their secondary school academic programs and in their daily lives. Students will analyse literary texts from contemporary and historical periods, interpret informational and graphic texts, and create oral, written, and media texts in a variety of forms. An important focus will be on the use of strategies that contribute to effective communication. The course is intended to prepare students for the Grade 10 academic English course, which leads to university or college preparation courses in Grades 11 and 12.

Successor

This course provides opportunities for students to explore dramatic forms and techniques, using material from a wide range of sources and cultures. Students will use the elements of drama to examine situations and issues that are relevant to their lives. Students will create, perform, discuss, and analyse drama, and then reflect on the experiences to develop an understanding of themselves, the art form, and the world around them.
