

## COLLEGE OPEN HOUSE EVENTS & TOURS

Many of the colleges host Open House events for secondary school students and their parents in the fall and/or spring. These are a great opportunity for you to visit college campuses, receive guided tours of their facilities, and speak with college students and instructors representing your college programs of interest. Those colleges not hosting open house events will most often book individual campus tours for you. **This is a very important step in your college research so don't miss out!** Check the list provided below AND the individual college websites for details about upcoming events/tour bookings.
