## Offers of Admission for Ontario High School Students

### Basic requirements for admission

All conditional offers are contingent on the completion of all high school diploma requirements, including a minimum final admission average of 80%. Some programs may specify other conditions, including higher final admission averages.

Basic requirements: At least six 4 U/M courses, including all [required courses](#), as specified for each program. EAE4U will be treated as equivalent to ENG4U.

### Failed and repeated courses and courses other than day school

Refer to [www.uwaterloo.ca/find-out-more/admissions/repeated-courses](http://www.uwaterloo.ca/find-out-more/admissions/repeated-courses).

### Timing and process for admission decisions

We anticipate making a relatively limited number of offers of admission in December and continue with a large number of offers of admission on a rolling basis beginning in February.

In highly competitive programs, such as Engineering, Mathematics, and Software Engineering, most decisions will be made in mid-May. Admissions committees for these programs like to have more information, including updated grades and contest results, so that they can make fair and equitable decisions.

Offers of residence and information about scholarships will accompany the offers of admission; scholarship decisions will be made in May.

[Collaborative University and College Programs \[PDF\]](#)

[Programs Requiring Prior University Study](#)

[Ontario Postsecondary Transfer Guide \(ON Transfer\)](#)

All offers of admission and scholarships will be made by May 28, 2015, and applicants will have until June 1, 2015, to respond. If you know that the University of Waterloo is the university that you wish to attend, we encourage you to accept your offer as soon as you receive it.

If you are not admitted to the program you applied to, you may be considered for [admission to an alternate program](#) in the same faculty, provided you meet the minimum admission requirements, and places are available.

If a program is available in both co-op and regular and you are not admitted to the co-op program, you will be automatically considered for either the corresponding regular program or another related program, provided places are available. In some programs, limited admission to co-op is also available in second year.

**Alternative Offers:** Specific alternative programs are listed at [www.uwaterloo.ca/find-out-more/admissions/alternate-offers](http://www.uwaterloo.ca/find-out-more/admissions/alternate-offers)

**Deferred Admission:** One-year [deferrals](#) of admission may be granted to high school applicants. **Note:** You will not be granted a deferral if you will be studying at another postsecondary institution.

**Note about admission averages:** The admission averages listed are based on the previous year's entering classes. They are affected by the number and quality of applicants and the spaces available, and will not be known until mid-May. Other factors will be considered, as well as grades.

**Note about programs:** The programs listed are entry programs only. We offer more than 100 [areas of study](#) within these programs.

## Quick Reference

- [101 Browse University Programs](#)
- [101 Common Questions](#)
- [101 How-to Videos](#)

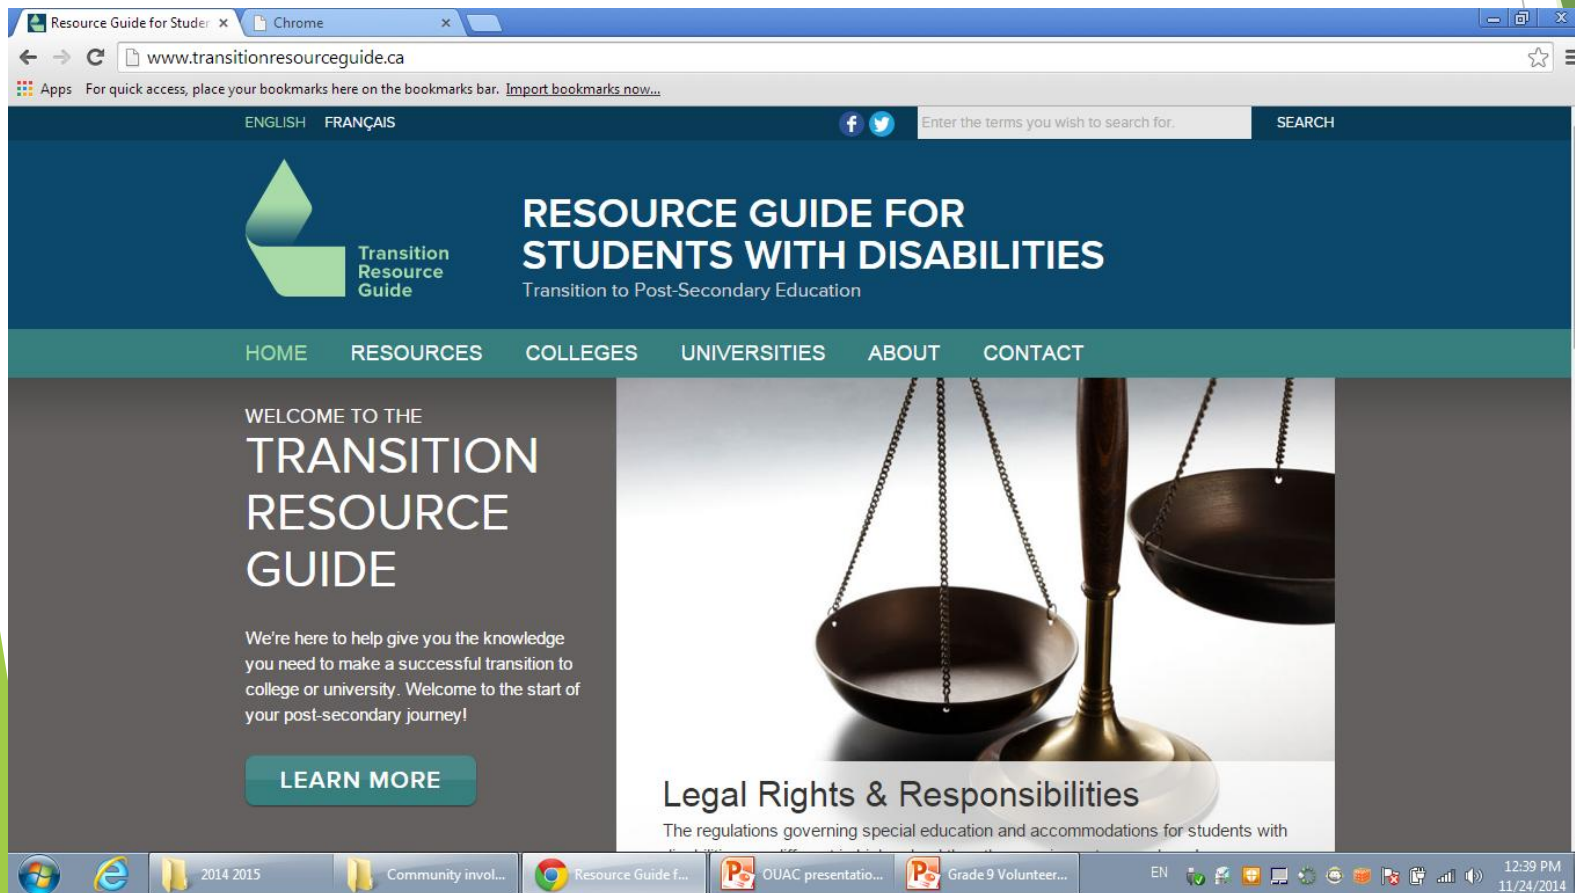

# 101 Application Process

- ▶ Students eligible to apply to university should have received a letter which includes - School Mident Number, Student Number and PIN Number
- ▶ Keep your **PIN number** confidential
- ▶ Prepare your online application & pay online (\$140 for 3 program choices)
- ▶ Additional Choice fee is \$47.00 for each university/program

# Important Final Steps...

- ▶ Print your OUAC reference number  
(2015-XXX-XXX-X)
- ▶ Record your PIN and keep it in a safe place (you will need it to change your application and accept an offer of admission)
- ▶ Use your OUAC reference number and PIN to access the on line “Review and Change your completed Application” system

# Supplementary Application

- make a professional email
- check your email regularly
- organize your email and check your junk folder
- read everything carefully
- meet the deadlines
- provide references or proofreaders enough time to support you

# Reminder of Important Dates

- ▶ January 14, 2015 - last day to apply online
- ▶ May 28, 2015 - Date by which you should receive a response
- ▶ June 1, 2015 - earliest date to which you must respond to an offer of admission

# Offers of Admission

- ▶ evaluation of application files are performed at each university and admission decisions are made by the universities (OUAC does not make any admission decisions)
- ▶ the universities will communicate offers of admission directly to the applicant
- ▶ when applicants are offered admission, they will be provided with the appropriate instructions for responding
- ▶ applicants are able to accept or decline offers of admission using the "Review and Change Your Completed Application" feature
- ▶ offers are made at different times throughout the processing cycle, depending on the university and program
