

Summer Learning Youth Innovation By Design

Description

Youth Innovation By Design focuses on ways in which innovators identify problems, see them as opportunities, generate ideas, and organize resources to develop and take successful solutions forward into the world, both for-profit and not-for-profit. Students will be encouraged to use a variety of design thinking techniques, including the Innovation, Creativity, and Entrepreneurship (ICE) Toolkit to develop and grow their ideas. They will consider the ethical and legal implications of decisions, the breadth of roles in innovation culture as well as related financial literacy and sustainability models. In support of both group and individualized projects, students will be introduced to, and taught how to connect with, local and global ecosystems. Student learning throughout the course will be supported by guest speakers and mentors provided through a collaboration with York University's YSpace-Markham and Innovation York.

Offered with two different credit options for YRDSB students only:

IDC4U (Gr. 12 University Preparation)

Prerequisite: Any university or university/college preparation course in social sciences and humanities, English, or Canadian and world studies

IDC4O (Gr. 12 Open)

Prerequisite: None

Are you an SHSM student?

Through this summer learning, you can achieve:

**REACH AHEAD
CERTIFICATION**

Dates and Location

This course will be delivered in conjunction with York University's YSpace Markham.

Summer school programs will be held in July between 8:45 a.m. to 3:33 p.m.

BEFORE REGISTERING ON MY PATHWAY PLANNER, YOU NEED TO CONFIRM:

- which credit you are applying for: IDC4U or IDC4O
- that you do not already have a grade 12 IDC/IDP (Interdisciplinary Course) on your transcript
- that you have not selected to take a grade 12 IDC/IDP (Interdisciplinary Course) for next year

Registration is available on *My Pathway Planner*
