Class Placements

We are well underway for preparing for September startup! It's that time of year where we need to know if you are planning to move out of the school area, as this will affect our staffing as well as class assignments.

Please send a note to the office if you are moving out of the area and the date when this will be effective.

While we do not take requests for specific teachers, if you have information regarding your child and specific needs to consider when making class lists, please send an email or note to the Principal, Kevin Ko (email is kevin.ko@yrdsb.ca). This is important, even if it has been done in the past. A current note/email would be appreciated. We try to balance classes on gender, abilities, interests, learning styles and social factors of groupings.
