## Message from the Principal

Dear Parents/Guardians,

It is at this time of year when I feel that the school year is moving along so quickly. We have accomplished much together as a staff and school community and will continue to persevere and provide optimal learning experiences for our students to achieve success.

During the past few years, our School council has funded our Arts performances. This year, we have enhanced the Arts initiative for our students by including hands-on experiences in addition to the variety of whole school presentations. Our younger students had the opportunity to participate in drumming activities. Our older students will learn about silk art and how to create beautiful artwork using this medium. Both these sessions are offered by parents of students in our school. This is a powerful example of meaningful and creative engagement by parents within our school community. Soon to come will be opportunities for our students to work with ceramics with our lovely SERT/Prep Teacher (also a resident Artist who was trained at OCADU), Suzanne Greenberg. Sadly, Suzanne will be completing her Long Term Occasional Position at our school a little after March Break. We thank her for adding a flare of brilliance within our school and supporting our students' growth. We welcome Priscilla Kuk, who will be returning from maternity leave.

The weather continues to surprise us each day. It is not until the third week of April that weekly reviews of playing field conditions will be conducted to determine whether the field may be opened for students to play on. In the meantime, we have "tarmac only" recess. This means that students play only on paved areas. As these are limited, we are using the paved area adjacent to the parking lot for our grade 4 classes. We have supervision in place and review rules and expectations with students regularly. Basketballs will be made available for students to play with in this area. Once the field is ready for use, we will provide access for all students. As per board protocol we need to ensure pre-season limited grass use and take into consideration the safety of students when properly preparing the field for use including draining of excess water and grass growth. Thank you for continued support and understanding of our efforts.

Our School Council is now beginning to plan for our Annual End of Year Fun Fair which will take place in June. A lot of time goes into organizing this event with something for everyone to enjoy! If you can help, please contact one of our School Council members at their email address [Ross.doan.ps@sc.yrdsb.edu.on.ca](mailto:Ross.doan.ps@sc.yrdsb.edu.on.ca). We look forward to seeing everyone at this upcoming event!

We wish all of our students and their families a restful March Break! We look forward to many more exciting times at Ross Doan Public School as we welcome back spring.

Sincerely,

Bernadette Smith, Principal

## Positive Climates Corner

We had an exciting and inspiring month learning about Black History! Our display case was decorated full of important information on prominent people that have changed history and made the world a better place for us all. Every morning we were treated to music by a variety of artists, and learned about the ways they influenced music over the decades. We gathered together to culminate the month with an animated assembly full of exciting student performances. The talented Glenn Marais topped off the assembly with a moving and informative presentation. Thank you to all who participated throughout the month and for sharing in our learning!

# LIBRARY NEWS

Blue Spruce Reading @ Ross Doan .....  
Voting Day is almost here!!!  
Students in our kindergarten, grade 1 and grade 2 classes will be voting for their favourite Blue Spruce picture book during the week of March 4 - 8th.  
Our school's results will then be merged with the voting results of all other Ontario public and school libraries and the winning author and illustrator of the 2013 Blue Spruce Awards will be announced in late May.

That's right!!! Students and parents can look at our library collection from home. Go to [www.rossdoan.ps.yrdsb.edu.on.ca/library](http://www.rossdoan.ps.yrdsb.edu.on.ca/library) and check out all of the wonderful books that we have at the Ross Doan Library!  
Did you know that you can access our school's library catalogue from home?

Just to let you know that TumbleBooks has now converted every book in the audio book cloud collection into a non-Flash format which will allow access from any and every mobile device and tablet- including iPads and iPhones. Ross Doan staff, students and their families will now have a true "Cloud" experience and be able to listen to audio books with any device- anywhere that has wifi or an internet connection. A note will be included in the March newsletter to advise our school community of this exciting development.

Also, as we near the end of Black History Month, you might want to check out Tumblebook Library with your class, as embedded within the collection are some excellent materials that teachers can use including Blast To the Past: King's Courage (The Story of Martin Luther King Jr.), Racing For Home: The Jackie Robinson Story and a brand new book, coming on Tuesday: Patchwork Path.

## Literacy News

The instructional strategy this month is "questioning." Children naturally ask questions as they try and make sense of their world. Good readers ask questions before, during and after reading. Questions open children's minds. It is a way for children to interact with the text to construct meaning.

### Questioning

⇒ Children question the content, the author, the events, the issues, and the ideas in the text. When children question they are thinking about their reading.

### Parents

What can you do?

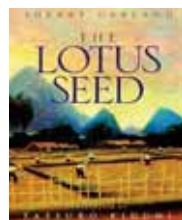

Questions don't always have to be answered but can be used to help your child make inferences and interpretations of what they have read. Some questions might be as follows:

- ⇒ What makes you think that?
- ⇒ Can you tell me more about your thinking?
- ⇒ How did you come up with that?
- ⇒ Why do you say that?

Visit the public library and read books to your child while focusing on asking them questions about the text.

Here are some book suggestions.

- ⇒ Assorted non-fiction books
- ⇒ Charlie Anderson by Barbara Abercrombie
- ⇒ The Lotus Seed by Sherry Garland

March can be a snowy/rainy month, please send an extra pair of pants and socks with your child.

**Parents as Partners in Preventing Bullying - Online and Offline**

Dr. Craig is a Professor in the Department of Psychology at Queen's University. She is co-leading PREVNet (Promoting Relationships and Eliminating Violence Network), a network to stop bullying in Canada. Her research focuses on healthy relationships, bullying and victimization. She has won many distinguished awards in recognition of her work. She regularly speaks to parents, educators, and professionals working with youth.

Bullying is a significant problem in our society and can have a significant impact on children's lives. In addition to traditional forms of bullying, online bullying through the use of technology is a serious concern. Technologies are changing the way we communicate, access, and share information. The Internet has opened the door to new learning and teaching opportunities. It has also raised issues about privacy, online respect, safety and appropriate uses for technology. Parents are critical in assisting their children in developing increased awareness, understanding and skills about being good digital citizens including an understanding of digital etiquette and appropriate use of the internet to promote safety online. Together with schools, parents can provide education how it affects others, to think and plan for using technology in the most appropriate way. The goal of this presentation is to empower parents in supporting their children by increasing their understanding about online and offline bullying and by providing concrete strategies to address it effectively in partnership with the school.
