Keeping Healthy...

At this time of year, prevention of the spreading of germs is a priority to all. Parents / Guardians are encouraged that if a child is sick they should be resting at home. This prevents the spreading of germs and also allows time for the child to rest and to get better. At SPS we are encouraging our students to wash their hands on a regular basis and to sneeze into their sleeves. These practices again help reduce the spread of germs. Thank you for your ongoing support keeping our students healthy!

Weather Watch

All students from Junior Kindergarten to Grade 8 are expected to go out for every recess unless the principal or vice-principal decides that weather conditions are so poor that it would be detrimental for them to be outdoors. Students are to come to school ready for winter and prepared to be outdoors up to 40 minutes after lunch. **We always monitor the weather and, in extreme conditions e.g. wind chill; we keep the students indoors or shorten the recess breaks.**

We often receive requests from parents asking us to keep their children indoors during recess times because they are not feeling well. Unfortunately, we do not have the staff or facilities to supervise students who are sick or still recovering from an illness. Students with heavy colds, etc., which are serious enough to prevent them from participating in physical education, recesses or other outdoor activities, should remain at home until their condition improves. This will likely benefit the students concerned and prevent the spread of this illness to others.

Please make sure that your children are dressed properly for our invigorating winter days. It is advisable for students to bring extra pants and socks. A change is often necessary due to the wet and cold weather of the winter months. To avoid adding to our clothing collection in the Lost and Found, please be sure to label all articles of clothing. Boots, hats, mitts/gloves, scarves, and snow pants for the younger children will help make recess an enjoyable time.
