Pause to Ponder...

Look for this feature periodically, with links below to media to provoke thoughts and conversation about current ideas and issues in our school, the YRDSB, public education and beyond..

This edition is a Ted Talk by Dr. Cal Newport exploring the effects of Social Media. (please click on the image below)

DRESS FOR WINTER PLAY

December to March are the coldest months in Canada. Here are tips to keep your child warm and comfortable while they are at school:

- Dress in 3 layers: inner layer to keep moisture away from skin; middle layer to retain body heat; outer wind breaking layer
- Let your child put on their own outerwear at home so they are able to do this at school
- Pack extra dry clothes (e.g. socks and mitts) and remind your child to change as soon as clothing gets wet
- Wear a hat to cover the ears and head
- Try a neck warmer without loose ends that covers the chin and face
- Wear mitts to keep fingers together instead of gloves with fingers
- Wear boots big enough for wool socks and room for toes
- Stay active in the cold – make snow angels and build snow castles to keep warm
- Learn about staying warm and safe and [extreme cold](#) facts

If your child is dressed for the weather during the school day they can play with other children and feel included. Taking breaks outside the classroom helps children learn, be attentive and focus.

This material has been provided by York Region Public Health. For more information on physical activity please visit www.york.ca/healthyschools/physicalactivityforschools.

LOWER YOUR CHILD'S FLU RISK

FLU SEASON IS HERE. GET THE FLU SHOT AS EARLY AS POSSIBLE.

The first and best step to prevent flu is, like the flu, to get the flu shot every year. The flu is contagious and anyone can get it. Getting the flu shot can protect you, your family and those around you.

- The flu shot is a vaccine that can help prevent the flu. It is made from inactivated flu viruses.
- It is safe for everyone 6 months of age and older. It is especially important for children in daycares and schools.
- It is a good idea to get the flu shot every year.
- It is a good idea to get the flu shot for everyone in your household.
- It is a good idea to get the flu shot for everyone in your workplace.
- It is a good idea to get the flu shot for everyone in your community.

To learn more about the flu and flu vaccine, visit www.yorkregion.ca

Stress can impact your whole body

How do you cope with stress?

Dealing with stress? Our students are learning how to cope.

Always Take Care of YOUR GROWTH
