'Make-it-at-home' lunch kit

Most pre-packaged lunch kits are too high in calories, fat and salt and too low in fibre and essential nutrients. They are also quite costly. Make your own for a cheaper and more nutritious choice. Pack whole grain crackers, lower fat cheese, raw veggies and 100% unsweetened fruit juice in a divided container. Add stickers, a special napkin and a colourful straw for a healthier choice that is also fun and tasty!

For health-related information call York Region Health Connection at 1-800- 361-5653 or visit www.york.ca.
