**APRIL 2017**

## Administrators' Message

April 2nd, 2017 marks the 9th anniversary of the very first World Autism Awareness Day. In 2007 this date was declared by the United Nations General Assembly, in order to bring the world's attention to Autism, a spectrum disorder that affects tens of millions globally.

At Sir Wilfrid Laurier Public School, staff showed their overwhelming support for World Autism Awareness Day by wearing Autism Speaks Canada Light it up Blue t-shirts on Monday April 3rd! We are so proud to be part of this amazing inclusive, supportive team.

Students also wore blue to show their support and build awareness to Autism. One student stated what it meant for her to wear blue on World Autism Awareness Day.

*"On Monday, April 3rd, 2017, our school wore blue to create awareness for World Autism Day. This day means a lot to me because there are so many people in the world who are affected by this condition. By wearing blue I was able to express my support for World Autism Day. Autism isn't something to be sad about. Everyone should be celebrating all the wonderful people in the world who face this condition on a daily basis. By wearing blue on Monday, I hope all the people living with autism can see the support they have from their communities and peers and know that they were being celebrated all around the world!" ~ written by Serena C. in Grade 8*

We are so proud. Way to go Lynx!!!

## School Planning

### Are you moving?

In order to plan for September 2017, it is important to have accurate enrolment projections. If your family is planning to move, and you have not already done so, please inform the office. It would be helpful if you could provide us with your new address and the name of the new school.

### Contact Information

If any of your contact information has changed (e.g., phone numbers, address, email address) please ensure you have provided the office with updated contact information. Thank you.

## Vulnerable Sector Screening — YRP

Volunteers assume an important role within a school. A requirement of the York Region District School Board in ensuring a safe environment for students and staff is the completion of a **Voluntary Sector Screening (VSS)** and the signing of a **Confidentiality Agreement**. If you wish to volunteer in the school or on a field trip, please ensure you have a VSS completed with York Regional Police. A letter will be provided by the office that is presented to the York Regional Police Community Resource Centre located at 10720 Yonge Street in Richmond Hill.

If you have completed a VSS and submitted it to the school in a previous school year, an **Annual Offence Declaration Form** and **Confidentiality Agreement** are required. Please complete these forms and return them to the school. Forms are available through your child's teacher or the school office.

Thank you to all of our wonderful volunteers!

## We are hiring School Lunch Assistants

We have job openings for School Lunch Assistants at Sir Wilfrid Laurier P.S. This is a paid position. The hours are from 12:20pm-1:20pm. If you are interested in applying for this position to support our school, please contact the school office at 905-927-1452.

Thank you to our parent community for your continued support.

## Dental Screening

Public Health has completed dental screening for our grade 2's and grade 8's on Monday, April 3rd and Tuesday, April 4th. Dental screening consisted of a quick look in the mouth using a separate, sterilized mirror for each child.

You will be notified if your child needs to see a dentist for treatment.

### Grade 3 Presentations

The Grade 2/3 students in Mme Ly's class have been busy researching, writing and presenting projects on a topic that interests their learning. The students are learning a lot from each other on a wide variety of subjects.

## PRESENTATIONS

### Spring Fling Dance

The Friday before March break, students from Grades 6-8 were invited to attend Sir Wilfrid Laurier's Spring Fling dance. The dance was filled with excitement; between the lights, decorations, music and delicious snacks. Thanks to the students' participation we had an amazing time and the Spring Fling Dance was a SUCCESS!!!!. Money raised was donated to the Canadian Breast Cancer Foundation. Great job les Lynx! On behalf of the teachers and the Student Council we would like to thank everyone who participated and helped support us. What a great way to celebrate our last dance of the year!

-Gabrielle T., Megan T. ~ Student Council

### Grade 3 Science Projects

Students in M. Perret's grade 3 class are working on a car's  $\frac{1}{4}$  mile race video for a Science project. The purpose for the students was to understand and explain the position of each car using science forces vocabulary. Terms such as mechanical forces, friction, gravity etc. were applied to a real life situation. Students came to a logical explanation that would prove and justify how each car came in that position at the end of the race when passing the finish line. Students also calculated what the outcome would be if the race had been longer.

## Student Assembly

Last month, it was time to say Goodbye to Term 1, and Hello to Term 2! What a FANTASTIC way to recognize the intermediate students for having a growth mindset and learning attitude so far. To celebrate, teachers and student council organized an assembly to congratulate the students' outstanding achievements in learning skills and character matters. There was lots of positive school spirit and energy coming from all of the intermediate students! During the assembly, we were able to recognize the participation and achievement in our school clubs and sport teams. To finish off our assembly, students from each classroom participated in a "Minute to win it" competition. The whole assembly allowed us to look back at what we've learned and improved on.

-Kirsten D., Rachel C. ~ Student Council

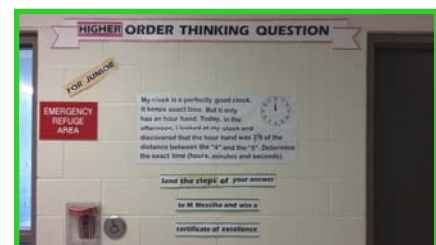

## Higher Order Thinking Math Questions

On behalf of S.W.L. Math Department, we would like to congratulate the following students on their achievements and remarkable success in solving the Higher Order Thinking Questions for the Intermediate and Primary levels for the month of March.

The Intermediate winners of the best solution are: Ivy and Roselyn

The Primary winners of the best solution are:  
Supreeth (Junior), Kara, Alina, and Taylor.

Congratulations and all the best! M. Messiha

## Bon voyage to our Grade 8 Students

### Bon Voyage!

Our Grade 8 students will be visiting Ottawa from April 19 to April 21, 2017. We wish them a fun, safe and educational trip. Congratulations! You deserve to celebrate your successes!

Get ready to embark on a new adventure as you prepare for grade 9.

## Healthy Snacks Program

At the end of April, we will begin to have a Healthy Snack available daily for students who find themselves hungry throughout the day. This snack is not intended to replace snacks that families send to school with students, but is rather meant to compliment it.

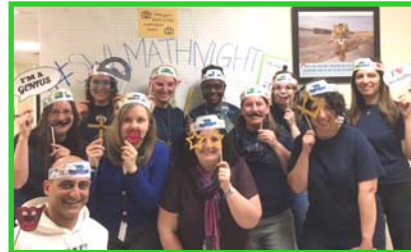

If a child finds themselves feeling hungry throughout the day, they will be able to come to the bin of snacks located just outside of the office and help themselves.

We will make announcements at the school as well so that students realize that the snack is available for them. We have been given a small grant to fund this for the remainder of the year. We will monitor the program and based on its popularity, we will make plans for the Fall.

## Math Night at SWLPS

On Wednesday March 29th SWLPS hosted a Fun Family Math Night. The whole family was invited to participate in our Fun Family Math Night hosted by Jump2Math. Students explored math through a multi-sensory, kinesthetic approach while learning co-operatively.

Families participated in activities that used curriculum and learned fun ways to deepen our student's understanding of math concepts at home. Thank you to all our volunteers and guests. It was a wonderful event for our school community.

## ECO-Club — Boomerang Lunch Program

The daily **Boomerang lunch** program at Sir Wilfrid Laurier will continue until the end of the year. We believe that engaging students and the school community in small environmental initiatives can have a big impact on our environment.

### HOW IT WORKS:

- All materials in the lunch box that come to school go home!
- Uneaten food and waste material is returned home in your child's lunch bag
- Recyclable materials can be disposed of AT SCHOOL

### BOOMERANG LUNCH GOALS:

- Reducing the amount of waste we create from school lunches
- Encouraging healthy and nutritious lunches (many pre-packaged lunch items contain significant amounts of sugar, sodium, preservatives and fat)
- Creating awareness around recycling and composting
- Encouraging and promoting the use of **reusable containers** and discouraging the use of disposable containers
- Providing parents with information about what their child is or is not eating for snack and lunch.

### WASTE FREE SNACK/ LUNCH TIPS:

- Use reusable lunch bags and containers.
- Use reusable drink bottles or a thermos.
- Use a cloth napkin and reusable utensils.
- Avoid using plastic wrap and "Ziploc" baggies.
- Get your children to help pack their snacks/lunches with healthy foods.
- Only pack as much food as your child will eat.
- Label all containers with an initial or special symbol.

We look forward to your continued support and hope you will join Sir Wilfrid Laurier in teaching our students how to be environmentally responsible citizens.

## Multicultural Week

Last month, many performers came to show us what they do in their culture. They sang, they danced, and they also gave us an interactive experience on how First Nations people were treated long ago. My favourite performance from SWL's Multicultural Week was the Spanish dancers because it was nice to hear different music from another part of the world and to see a different type of dance. I also learned many things such as how old Japanese drums can last, and that people can communicate a story through dance. All in all, it is very important to have Multicultural Week in schools so that kids and teens can understand and learn how to value and respect other cultures. By Cassidy R.

I thoroughly enjoyed all of the multicultural performances at SWL because of their differences. I got to experience the ethnical diversity of the world we live in today by discovering different cultures' styles, art, and language. The decorations and stunning displays in the foyer depicted landmarks from around the world and parts of different cultures. In the presentations, we were all awed by the strength of the taiko drummers, the grace of the Spanish dancers, the energy of the Creole ballet, and the power of the "Sharing Circle." During the performances I also learned the importance of respect. If the performers didn't respect each other, they would not be able to cooperate fluently and efficiently. For me, Multicultural Week is important because it gives students and staff and opportunity to gain respect for each other, appreciate our diversity, and admire the many cultures around the world.
