

LUNCH TIME AGREEMENT

Your child's safety is important to us. We take supervision of our students very seriously.

For safety reasons, we recommend that all students who do not go home for lunch remain at school throughout the lunch hour. For this reason we ask that you reinforce with your child that you are putting your trust in him/her to refrain from leaving school grounds without your knowledge and permission.

If you wish to make a change to the option you select below for your child, please send in a signed note.
