WHAT IS THE PURPOSE OF THE CONSULTATIONS?

The Black Legal Action Centre (BLAC) was created to combat anti-Black racism through the provision of legal services to low-income members of Ontario's Black community. These community consultations will help us understand the legal needs of Ontario's Black community and develop a new and better system for delivering clinic law services to meet the legal needs of members of Ontario's Black communities.

WHO SHOULD ATTEND?

Anyone who identifies as Black or African Canadian who has experiences and perspectives accessing legal services, along with legal service providers, staff of community agencies, and advocates.

WHAT WILL HAPPEN?

You will share your experiences and perspectives about accessing or trying to access legal services to help us understand the barriers that exist for the Black community to accessing legal services across Ontario. You will also share your input and recommendations for the delivery of legal services to Ontario's Black community.

Register by email: keishiafacey@gmail.com

FOLLOW THE CONSULTATIONS ONLINE:
