

Gallanough Park Community Planting

Wednesday, May 28, 2025
4:00 p.m. - 6:00 p.m.

Gallanough Park, 21 Springfield Way, Vaughan, ON

**Join us in planting three new pollinator garden beds
at the newly revitalized Gallanough Park!**

Pollinators play a vital role in plant reproduction and fruit development, supporting many of the world's favourite foods - including apples, blueberries, and even chocolate!

Come plant a variety of native species that will help sustain our local pollinator population and create a thriving habitat for years to come!

Registration required.

This event is for all ages, adult accompaniment required.

Drop ins may be accommodated upon availability.

To register for this FREE event, please scan the QR code or visit trca.ca/thornhill-SNAP-GP

For more information contact:

TRCA is committed to creating an accessible experience for all participants. If you require an accommodation, please email hally.charendoff@trca.ca at least 7 days prior to the event.

The Thornhill Sustainable Neighbourhood Action Program (SNAP) supports a future where the neighbourhood's public and private spaces are well-connected and rich with nature, activity, culture, history and art; where people of all ages and abilities feel comfortable, safe and engaged; where the built environment is created or retrofitted with health and sustainability in mind; and where community connections grow and prosper.
