

## CONSTRUCTION UPDATE

As you can see from the outside of the building, construction is moving along very nicely. The walls of the second floor are almost ready to take on the roof and when the roof is complete, weather will be less of an impediment to progress. The two new Kindergarten classes are taking shape, with walls painted and some whiteboards already installed. Some additional furniture has been delivered. The Multiple Exceptionalities classroom is also approaching completion. At the same time, our caretaking team has worked diligently to continue with the regular work of cleaning, waxing, painting and vacuuming. Those rooms not impacted by construction are almost ready for teachers to move in!

The next update will be posted on August 25<sup>th</sup>.

Enjoy the remaining few weeks of summer!
