

The AP Program Overview at Thornlea Secondary School

Advanced Placement is about:

- ◇ Offering enriched courses to challenge student learning.
- ◇ Emphasizing students commitment to academic excellence
- ◇ Building on students learning skills.
- ◇ Engaging students.
- ◇ Standing out when applying to post-secondary programs.
- ◇ Showcasing leadership skills.

The Advanced Placement Program at Thornlea secondary school offers incoming grade 8 students the opportunity to enroll in the grade 9 AP courses: English, Math and Science.

Students will have the opportunity to pursue higher

I ♥ AP *learning in these subjects and choose from a wider selection of AP enriched courses in grades 10 to 12 including, but not limited to: Arts, French, Chemistry, Biology, Physics, Advanced Functions, Calculus and History.*

Students in the AP program at Thornlea can also enroll in the ACAM program and the French Immersion program, while building their academic portfolio.
