

Thank you and happy summer from Council

As the school year comes to a close, we reflect on another great year we've shared. The dedication and support of our School

Council members have been the cornerstone of our success. Your participation in our meetings and events enriched our school community.

From celebrating our teachers on World Teachers Day, to hosting a ProGrants-sponsored wellness night with speaker Breanna Philips, to participating in Career Night, to making Thornlea staff feel

appreciated through a morning breakfast, you made a positive difference at our school.

Thank you also to the families who attended, volunteered at and contributed to our events throughout the year. Your help and encouragement empowered our students to strive for excellence, and your involvement was instrumental in creating an environment where learning thrives. We are immensely grateful for your unwavering commitment, and look forward to another

year of partnership in September. Thank you for a fantastic and successful school year!

To the families of graduates: as your children embark on the next steps of their journey, may they carry with them the memories, lessons and friendships of their time at Thornlea. May their futures be bright, their hardships few and their joys plentiful. Congratulations, class of 2024!

Aroon B. and Myra C.

School Council

Thank You

A BIG heartfelt thanks to our Thornlea community for making the Staff Appreciation Breakfast an overwhelming success!

The staff at Thornlea started their day with a wonderful assortment of hot and cold breakfast items, various drinks and a multitude of snacks for later!

We could not have done this without your generous donations. Thank you for helping us show the Thornlea staff that they are loved and appreciated!

~ Thornlea School Council
