Course selection is now closed. Thank for supporting your child in selecting their courses for the 2023-2024 academic year. If you have not yet approved your child's course selection, please do so by having your child logon to MyBlue Print and click on the "Send Approval Email" button found on the top right hand side of the screen. You will receive an immediate email from MyBlue Print asking you to either accept or reject your child's course selection. Virtual School 2023-2024

Elementary and Secondary Virtual School in 2023-2024

The Ministry of Education (MoE) mandated for the 2022-2023 school year that school boards were to provide a virtual learning option for students. While we continue to await specific direction from the MoE, we plan to proceed with a virtual learning option as this continues to be in the best interests of our students, families and staff. This will also align us with the decisions of other boards.

For the 2023-2024 school year, YRDSB will continue to offer Elementary Virtual School (EVS). For secondary students, we are currently assessing the viable options in how to best offer virtual learning, taking into account the projected enrolment.

Elementary Virtual School (EVS)

- Please note that due to limited enrolment, French Immersion programming will not be offered in EVS in 2023-2024.
- Families currently enrolled in EVS are being asked if they wish to remain enrolled next school year.
- Students currently attending in-person schools may contact their home school to request a transfer to the Elementary Virtual School for the entire 2023-2024 school year.

Secondary Virtual School (SVS)

- YRDSB is investigating virtual learning options for secondary students for the 2023-2024 school year.
- Please note, due to the limited number of students expected in SVS it is possible that the virtual school program may include more asynchronous classes and fewer synchronous offerings.
- Families who have students presently enrolled in SVS have been sent a survey, asking for their preference of learning model for next year (in-person or virtual) with a response deadline of March 6.
- At this time, students in in-person schools are currently unable to choose to transfer to the virtual school for the entire 2023-2024 school year. Details will be shared once a process regarding the transfer to SVS is finalized.

School News and Information

Extended Absences-

Regular attendance is closely connected to academic success and we expect that students will attend school every day except in the case of illness. However, we understand that there may be circumstances when it is necessary for students to be away from school for family or personal reasons. Extended vacations are not considered necessary. If a student will be absent for an extended period of time he/she must consult with their teachers, prior to the absence to

- Understand the potential impact of the extended absence on learning;
- Identify missed learning goals and assessments;
- Create a plan to complete missed work identified by the teacher. The student is responsible for catching up on all missed work during their absence;
- Schedule a time to complete/submit missed assessments upon return.
- Sign off on the plan- students are responsible for picking up an Extended Absence Form from the main office at least 2 weeks prior to an anticipated extended absence from school.
- ***A meeting with an Administrator may be scheduled if the absence is expected to interfere with the successful completion of a course.***

Absences longer than 15 consecutive days require additional documentation and procedures in accordance with Board Procedure #NP 681.0. Failure to follow these procedures will lead to a student being removed from the school's register. In these circumstances, please speak directly to an administrator prior to completion of this form.

It should be noted that examinations must be written on the scheduled dates at the time specified. A mark of "0" will be given if an examination is not written on the scheduled date.
