Addressing Anti-Asian Racism across the York Region District School Board (YRDSB)

### Attention YRDSB Asian Students (Grades 7-12)

In YRDSB, 49% of students identify as Asian. YRDSB is collecting survey information on the experiences of Asian students (East Asian, South Asian, South East Asian). This research will support YRDSB's efforts to dismantle anti-Asian racism and foster belonging for Asian members of the YRDSB organization.

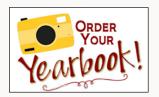

If you are an Asian identifying student (grades 7-12) of the YRDSB, then you are invited to complete an anonymous survey. The surveys will close on October 31, 2022.

YRDSB: Survey for YRDSB Students- Grades 7-12

York Region District School Board (YRDSB) is conducting research on the experiences of Asian students, educators, staff, and community members, in an effort to dismantle anti-Asian racism and to foster belonging and create safer spaces for Asian members of the YRDSB organization. If you are an Asian identifying member (East Asian, South Asian, South East Asian) of the YRDSB, then you are invited to participate in a virtual focus group (small discussion group) to talk about your experiences within the YRDSB institution. For your participation, you will receive a small gift. If you are interested, please RSVP by deadline.
