GETTING STARTED WITH MY PATHWAY PLANNER

INDIVIDUAL PATHWAYS PLANNING SESSION GOALS

- Learn how to access My Pathway Planner
- Learn where I can access my planner for course selection
- Discover more about myself by completing two “Who Am I” surveys
- Explore careers suggested to me
- Set goals and monitor my progress towards achieving them
- Document and reflect on this learning in “My Pathway Plan” portfolio
To open “My Pathway Planner”, go to the public page of the YRDSB site and click on the icon. Alternatively you can type the following URL in your web browser: https://mypathwayplanner.yrdsb.ca

Once the single sign-on page has opened, log in using your student number and YRDSB password. Be sure to select EDU as the domain. After successfully logging in, you will be redirected to your Individual Pathway Planner (IPP).
When you first log in to “My Pathway Planner”, you will see the “Welcome to myBlueprint” screen.

Read the four windows that appear explaining the different areas of the platform. Be sure to click “Next” on each and then “Got it!” on the last one so that they do not reappear the next time you log in.
This is the “Dashboard” for your account.

Clicking these three bars at the top of the page will open the Navigation Menu.
In the Navigation Menu, select “High School”.

Begin selecting courses by clicking on the ‘+’ next to each course/subject title.
Once you have explored the course planner, in the Navigation Menu, select “Who Am I”.

Begin the “Learning Styles” survey by clicking “Start Survey”.

Learning Styles
How do you use your brain? Do you remember what you read? Are you good at remembering names? Each of us has a different learning style. What’s yours?

Personality
You are a unique individual; but we all have personality traits that are similar to others. Understand your personality to find opportunities that fit your type well.
The Learning Styles survey consists of 20 questions.

For each question prompt, you will need to rank three provided options based on the statement above.

Once finished ranking the options, click “Next Question”.

When you focus on reading a single word it usually:

1. Creates an image related to that word in your mind
2. Causes you to hear or spell the word out silently
3. Creates a memory or sensation related to that word
After the last question, click “View Report”. Read through the information provided about your learning styles.

Consider the following: Is there anything that confirms what you already know about yourself? Is there anything that surprises you?
After reading through your Learning Styles report, return to the “Who Am I” page through the Navigation Menu.

Click on “Add to Portfolio”.
Click “Add to a new portfolio?”

Type “My Pathways Plan” as the name of your portfolio.

Click “+ Add”.

Add to Portfolio

Add this item to one of your portfolios, or create a new portfolio with the item already added.

You have no existing portfolios! Add it to a new portfolio.

Add to Portfolio

My Pathways Plan

+ Add
In the Navigation Menu, click on the little arrow next to “Home”.

Click on “Portfolios”.

On the next page, click on “My Pathways Plan” to open your portfolio.
You can customize any portfolio you create by clicking “Choose Avatar” and “Update Banner”.

You will be adding a reflection to “Your learning style is...” by clicking on the portfolio box.
Once you have clicked on the box, you will see a summary of your learning style survey. If you want to read the whole report, click “View More”.

Respond to these two questions and then click “Post”.

1. Is there anything in your learning styles report that confirms what you already know about yourself?
1. Is there anything in the report that surprises you?
Return to the “Who Am I” page.

Scroll down to the “Interests” survey and click “Start Survey”.
The Interests survey consists of 48 questions.

For each question prompt, you will need to select one of the options based on the statement above.

To continue, click “Next Question”.

If I had the chance, I’d really like to:

Operate medical equipment to help examine a patient
After the last question, click “View Report”. Read about your interest type, and be sure to click “Learn More” under each.

Consider the following: Is there anything that confirms what you already know about yourself? Is there anything that surprises you?
Return to the “Who Am I” page, and add your Interests survey to your “My Pathways Plan” portfolio.
Open your “My Pathways Plan” portfolio and select “Your interest type is…”

Add a reflection by responding to these questions: How do these results compare with the things you like to learn about in school? How might these results influence your Pathways choices?
By completing these two surveys, you will have unlocked “Occupation Matches”, which will suggest a list of possible careers to explore based on your responses.

Click on Occupation Matches to see your suggestions.
Read through the list of suggested careers. Clicking on a career will open more information.

Be sure to read through at least three different careers.
As you explore the different suggestions, click through all of the "Overview", "Outlook", and "Requirements" subpages.

Clicking on "Do I Match?" will show you how the career connects to surveys you completed.
Though you can complete other surveys to refine your math results, for now you will complete the “Compatibility Survey” by clicking “Start Survey”.

Each survey consists of 10 questions that are specific to this career.
From all of the careers you have explored, add the one you found most interesting to your “My Pathways Plan” portfolio.
Open your “My Pathways Plan” portfolio and select “Favourite Occupation”.

Add a reflection by responding to these questions: Why did you add this career to your portfolio? Had you considered this career as a possibility before?
Open the Navigation Menu, expand the Home list, and click "Goals".

You will be adding two goals to this section.

Click “Add Goal” to start.
First, create a “Personal” goal by selecting it from this list. Write your goal in the space provided.

Click “Need Ideas?” for some examples to help get started.

Set a timeline for achieving this goal, then click “Add Goal”.

What type of goal would you like to add?

What is your goal?

When would you like to achieve your goal?

Add Goal
You can add tasks to help work towards achieving your goals by clicking the button. You can edit or mark your goal as complete by clicking on the three-dot button.

To finish, repeat the steps to establish an "Academic" goal.
