## School Start Up Forms

At the start of each school year, schools share with families a package of information about the school. Please ensure you review this important information. Families are also encouraged to review the online [Guide to the School Year](#).

We also ask families to complete some important forms. These forms are now available online. [Please complete and submit these online School Start-Up Forms](#) through your child's YRDSB Google account. Translations are available.

- You can access your child's YRDSB Google account via a web browser. For best results, use a computer rather than a mobile phone.
- The username is your child's YRDSB Student Number. Your child will receive their login information from the school at the start of the year. If you or your child do not know the password to log in to their Google account, please contact your child's teacher or the school office.
- Frequently asked questions and additional information on [how to complete the forms](#) are available on the Board website under [Family Resources](#) (click on the "Need Help" link for Family Start-Up Forms).

It is important that these forms are completed as soon as possible at the start of the school year. There are both mandatory and optional forms. The forms are to be completed for all students. Your child's school will access the information.

Please complete a separate form for each child attending our schools. Secondary school students will also be asked to review important school and Board policies and to indicate that they have reviewed this information on forms sent to their student GAPPS account.

If you prefer to complete the forms on paper or have questions about the information in the forms, please contact your school office.

Thank you.

It is critical that all members of our school community become familiar with emergency protocols as they are designed to keep all of us safe at school. Please refer to [Board Policy #669.0](#) for more information about Emergency Preparedness and Crisis Management.

Practising drills may create some anxiety for some students. If you are concerned about how these situations might impact the mental health and well-being of your child, please contact school administrators, as we have school mental health professionals available to support your child.

## Invitation from the Markham Museum

Standing in the Doorway: Lived Histories & Experiences of the Chinese Community is an exhibit opening September 27th. UHS Visual Arts student created the design elements within the signage panels while our talented Ms. Wong acted as lead graphic designer on the project.

## AU Animal Kingdom Murals

Grade Twelve students from Arts Unionville collaborated with Kingdom Development on the design of a vinyl-wrapped mural adorning the construction site's 700 foot hoarding along Hwy 7. This vibrant mural aims to beautify and animate the streetscape while Kingdom's newest development, Highmount, is under construction.

The mural captures the essence of Markham's diverse population and personalities through forty whimsical and lively original character designs. Markham is renowned for its cultural diversity, and the students faced the challenge of representing its population while simultaneously recognizing the paramount importance of inclusion. They focused on portraying different ages, interests, positive interactions, and daily activities within our beautiful community of Markham. The chosen approach involves anthropomorphic animal character designs, adding a touch of creativity and imagination to the artwork.

We extend our sincere gratitude to Kingdom Development for providing space for student voices and involving our young artists in this community-based project. Special acknowledgement goes to Councilor Reid McAlpine for his encouragement and support in fostering collaboration between these two groups.

The mural will be fully installed by the end of September.

## Staff Shout Out: Shane Clodd

Last Friday, the Head of Visual Arts, Shane Clodd, and Anishinaabe artist, Donald Chrétien were celebrated as their new sculpture was unveiled at the Sharon Temple National Historic Site in East Gwillimbury. The Sharon Temple Museum Society commissioned Shane and Don to create a sculpture from one of the Temple’s two hundred year old maples that fell several years ago and required a unique form of preservation.

The installation, a centrepiece for the Hope & Truth Reflection Garden, was created in consultation with the Chippewas of Georgina Island. The Temple organization has a long history of collaboration with the Georgina Island community dating to the early 20th century. The unveiling was the culmination of a nearly two-year long project that represents a commitment to support and to encourage equitable partnerships amongst settlers and Indigenous people. After spending time learning the history of the museum and its historical significance, Shane shared how he “was honoured to be part of its history and to have been invited by Don to partner with him on this art adventure.”

If you’ve never been to the Sharon Temple National Historic site, it is well worth a visit, particularly in the Autumn when the sugar maples look spectacular.

[See Don and Shane interviewed](#) as their work was showcased by a number of media outlets including CTV.

## Cafeteria Improvements

We are very excited to share that we have added some new furniture to our cafeteria! We now have a large couch that is equipped with a sitting and working area. We are still awaiting additional smaller table settings that will be added once received.

We want to thank the students and staff who were instrumental in creating the floor plan and assisting with furniture selections prior to purchasing.

In order to ensure that the furniture remains in great condition for all students to enjoy, over many years, we appreciate your help as parents/guardians in communicating and reminding students of the following:

- Refrain from activities that may cause damage
- Feet should remain on the floor when using the furniture (it is for sitting on)
- Keep the area clean and place all garbage in the receptacles provided
- Report any concerns as soon as they arise so that they may be addressed quickly

Thank you for your assistance in creating a clean and comfortable common space for everyone.

## Cafeteria Update

We anticipate cafeteria services will be up and running by the end of September. A more precise schedule will be provided over the next few weeks.

## School Wi-Fi Connection

You may have trouble connecting to the school WI-FI (YRSDB-S). This is because every few years, we need to renew the security certificate. In order to connect, you will need to forget the network and log in using your username and password.

## Message from Caretaking

Please help keep UHS clean! Please do not put anything sticky on the floors (tape, gum, adhesive, etc). Please continue to stack all chairs in your classrooms at the end of the day.

## Caring and Safe Schools Start-Up Presentations

Dear Families,

As the new school year is beginning, students will be attending Caring and Safe Schools Start-Up Presentations. These presentations are designed to underscore behaviour expectations as we create a caring, safe and inclusive school environment. As families are critical partners, please continue discussions about school safety at home by asking your child what they have learned in the Start-Up Presentation.

Presentation topics include:

- Racism and types of discrimination;
- Bullying;
- Progressive discipline; and
- Standing up for each other, including methods of reporting incidents of racism, discrimination and bullying.

## Inappropriate Behaviour

In the Start-Up Presentation, students are learning about anti-Black racism, other forms of racism, discrimination, and bullying. This learning will continue throughout the school year. Instances of anti-Black racism, other forms of racism, discrimination and bullying are not acceptable and are addressed through progressive discipline. In some cases of racism and discrimination, York Regional Police may be involved.

Students will also be reminded about safe school behaviours, including what items must never be brought to school, such as peanut products, vape products/drug paraphernalia, weapons/replica weapons and knives/replica knives.

## Caring and Safe Schools Start-Up Presentations, continued

### Reporting Behaviour

Standing up for one another and reporting when something does not feel safe is part of a caring and safe school environment. Students should report incidents that make them or others feel unsafe or uncomfortable, including acts of racism, discrimination and bullying. Students can report incidents by:

- Telling a caring adult;
- Using the YRDSB's "[Report It Button](#)" (Located on our school's website, the online Report It button allows students and families to share information about inappropriate behaviour and incidents of hate or discrimination. Please see [this video](#) for additional information);
- Contacting [Kids Help Phone](#) (1-800-668-6868).

### Mental Health

We will stress to students the importance of connection as we return to school. Students are learning about who they can talk to if they need support. In addition, positive mental health is closely tied to each individual's sense of identity and safety. As such, mental health initiatives are aligned with equity and safety in mind, which includes culturally specific supports. YRDSB student mental health services are delivered by Board social work and psychology staff. These services are accessible through the school principal. Mental health resources for families are also available on the Board website.

### Student Discipline

We use a progressive discipline approach for inappropriate behaviour on and off school property. This means we consider various options to determine the most appropriate response to each situation to help students learn from their choices. In some cases, suspension or expulsion may be necessary. The Ontario Education Act and the Board's Caring and Safe Schools Policy (found on the Board's Caring and Safe School Page) outline situations where suspension and expulsion must be considered. These infractions are also outlined in the Guide to the School Year. In addition, when inappropriate behaviour occurs, information will be shared with the student(s) who were harmed and the families of the student(s) who were harmed to the extent that legislation allows.

### Tobacco/Alcohol/Drug-Free Environment

The use of tobacco, electronic products (such as [vaping](#), [electronic cigarettes](#) and related products) and student possession of alcohol/illegal and restricted drugs, including cannabis, are prohibited on school property or within 20 metres of school boundaries. This complies with the Smoke-Free Ontario Act, enforced locally by York Region Community and Health Services. A progressive form of discipline may apply, including suspension from school and fines (up to \$5,000). In accordance with the Smoke-Free Ontario Act (SFOA), exceptions are made for the traditional use of tobacco that forms part of Indigenous culture and spirituality.

### Online Safety and Appropriate Use of Technology

Students are reminded about the Appropriate Use of Technology agreement, including the importance of using respectful language and making positive choices when using electronic communications and social media tools. This agreement is also included in the start-up package that all families receive at the beginning of the year.

Students are reminded that online threats and comments are taken seriously and may have consequences, including potential criminal charges. Where there are concerns for the safety of students, staff, community members or Board property, the school board works with York Regional Police and appropriate actions are taken. The safety and well-being of students remain our top priority.

### For More Information

For more details on these items, please read the Guide to the School Year or visit the [Caring and Safe Schools](#) section on the YRDSB website for more information and to access family resources to continue these conversations at home. Thank you for helping us create a caring, safe, and inclusive school community.
