

NEWS FROM THE LIBRARY

A. Stewart
September 2014

**Welcome
Back!**

We have many **new books** ready for our students this year, including the latest from popular series and favourite authors, plus special interest and non-fiction books.

Grade 7 students and helpers from last year are invited to be **Library Helpers** this year. Listen to the announcements for more information.

Grade 8 students will continue running **Super Readers** one recess per week. **Primary students** will be invited to come to the Library to share the fiction and non-fiction books they have read, with an older student.

FILMMAKING CLUB

Intermediate students are invited to join the Filmmaking Club.

Start thinking of ideas and listen to the announcements for our first meeting.

LOST AND FOUND

Don't forget to send in any WSPS Library books that you may have found over the summer.

My reports indicate a large amount of missing books. The students were notified in June if they had an outstanding book and will receive another notification this month.

All Library books from last year (and years before) will gladly be accepted any time.

I will also accept books from any other York Region school and forward them.
