Variations may be slight between versions but very substantial from one style / discipline to another. However consistency in any given version is imperative.

Works Cited List (Bibliography)

Include all available elements in the order given below:

Authority(s) (eg. Author). "**Part of Complete Work**" (eg. "Article Title"). **Title of Complete Work** (eg. Title of Publication or Website). (Medium - if required to avoid confusion) (eg. DVD). **Location : Publisher / Producer / Distributor** (eg. Toronto : Random), **Copyright Date** [n.d. if no date] : **Pagination** (eg. Pages used (or) **URL** (or) Document ID **doi:xxxx** if online followed by month and year accessed). [if URL or DOI then do not use the colon ":" before the pagination field]

- skip any unavailable elements and proceed to next element
- hanging indent (first line not indented but subsequent lines are)
- surname first for author name
- alphabetize by first entry
- use quotation marks "..." around article/essay title
- underline main title

The bibliography is then arranged alphabetically by the first available element
