Dear Parents and Guardians,

As we head into the summer we would like to thank all of you for your help and support with our students this year. We strongly believe that when parents are involved in their children's education students and schools benefit in a positive way. We look forward to working with you again in September.

We are so proud of both our staff and students for all that they have accomplished this year. It has been quite a journey since September...

We have:

- performed, sculpted, danced, acted, sketched, photoshopped, sang, played many instruments, and painted

- had guest speakers visit the school to talk about computer safety and social media, traffic safety and social justice
- had a school dance, haunted house, camp days, school colour days, semi-formal, Relay for Life, swabbed, donated blood and of course Westock
- we raised thousands of dollars for charity!
- we celebrated our students academic achievement at our awards ceremony
- participated in math contests and Science Olympics
- studied hard, written EQAO, completed summatives, culminating activities, written exams and accumulated thousands of credits!

It has truly been an outstanding year! Congratulations to all of our graduates, we wish them all the best on their future endeavors.

**FRIDAY APRIL 8**

**NAPLES**

Arrive and transfer to Naples. Check into your centrally located hotel in the heart of the historic city centre. Meet your GHT escort and enjoy a walking tour of Naples' principal sites including Castel Nuovo, Royal Palace, Piazza del Plebiscito, Basilica San Francesco di Paola, etc... Later enjoy a traditional pizza made in the famous Neapolitan way!

**SATURDAY APRIL 9**

**POMPEII**

After breakfast, board your private motor coach and travel around the Bay of Naples to Pompeii. The Pompeii excursion will be an exploration into the ancient site and will include a half-day guided tour that of the following sites: Amphitheatre, Gymnasium, House of the Faun, Forum, Temple of Apollo, Theatre, Via dei Sepolcri. Head back to Naples for a panoramic bus tour of Naples. Bus tour will include Posillipo Hill for the stunning vistas across the Bay of Naples to Capri and the Sorrentine Peninsula. This afternoon, tour the National Archaeological Museum with a private guide. Originally part of the Farnese Collection, the extensive collection of artifacts from Pompeii, Stabiae, and Herculaneum are the finest in the world and include the Farnese Cup, Marbles, and Herculaneum Papyri. Enjoy dinner tonight in a local restaurant and an evening walking tour of Naples led by the chaperones.

**SUNDAY APRIL 10**

**PHLEGREAN PENINSULA**

Depart Naples via private coach for a full-day excursion to the Phlegrean Peninsula. Discover the Cumae Acropolis, including temples and Sibilla's Cave. During the walking tour, students will be organized into their teacher supervision groups and remain with the teacher at all times. In Bacoli, visit the Piscina Mirabilis, the largest Roman cistern ever built that was connected to the vast network of aqueducts that supplied the entire region with water. Later, visit the ancient Greek settlement of Pozzuoli and see the temple and amphitheater. This afternoon, travel from Pozzuoli to Mt. Vesuvius. Hike up to the top of Mt. Vesuvius, the active volcano that caused Pompeii's destruction in 79 AD. Students can gaze into the caldera and take in the unusual vocalic landscape and terrific views. Return to Naples for some supervised shopping and relaxation before dinner in a local restaurant. After dinner, enjoy gelato along the coast in Piazza del Plebiscito and a walking tour led by the chaperones.

### **MONDAY APRIL 11 CAPRI**

Catch the hydrofoil in Naples for the voyage to Capri. This enchanted island, once home to decadent emperors like Tiberius, has now become a tourist destination because of its spectacular views, vegetation, mountainous terrain, and lagoons. Our morning's destination is Anacapri (the commune that sits above the town of Capri itself) to see the Villa of San Michele, built by the Scandinavian physician, Axel Munthe, who used materials salvaged from ancient Roman villas in the area. Stairs that were built by the Phoenicians 2500 years ago run down from the villa to the rocky coast and the town below. Later, explore the gorgeous island and charming village before returning to Sorrento, our home for the next two nights. Enjoy dinner as a group at the hotel. Evening walking tour of Sorrento led by the chaperones.

### **TUESDAY APRIL 12 SORRENTO**

Today, enjoy a walking tour of Sorrento. Marvel at this charming resort town with streets lined with orange and lemon trees. During the walking tour, students will be organized into their teacher supervision groups and remain with the teacher at all times. This afternoon we will enjoy an olive oil tasting and then have dinner and a pizza cooking lesson. Evening walking tour of Sorrento led by the chaperones.

### **WEDNESDAY APRIL 13 AMALFI COAST**

Today is dedicated to the Amalfi Coast, one of the most beautiful and picturesque sea coasts on earth. Stop first in the charming fishing village of Positano that descends steeply from the level of the roadway down to the beach in a cascade of medieval houses, shops, and fish restaurants. Continuing down the coast, arrive in Amalfi, for a walking tour of the town. Once a thriving and powerful seaport that rivalled Venice and Genoa in carrying luxury goods from the East, Amalfi's rich and powerful past is maintained in the cathedral of St. Andrew. Visit the quayside with the medieval boat houses carved into the rock above. We will enjoy lunch at La Tagliata which is in Montepertuso. Leaving the Amalfi coast behind, drive to Rome and arrive in the evening. Students will purchase dinner at an Auto Grill on route to Rome.

### **THURSDAY APRIL 14 ROME**

This morning's guided programme centres on the Vatican City and Papal Rome. The Vatican City, a 109 acre state, is bounded by a wall built in the 9th century and by the colonnade of St. Peter's Square. We will take a tour of St. Peter's Basilica, one of the world's most majestic buildings, standing over St. Peter's Tomb and the spot where he was martyred. We will continue our guided tour to the Vatican Museum with its many treasures and see the Sistine Chapel where we can marvel at the restored ceiling and the many splendid works of art. This afternoon enjoy a guided walking tour of Rome, including Piazza Navona, the Pantheon, the Spanish Steps and the Trevi Fountain. Dinner in a local Roman restaurant. After dinner, enjoy gelato at the Spanish Steps and supervised time in Piazza di Spagna.

### **FRIDAY APRIL 15 ROME**

This morning's guided tour will focus on Imperial Rome. The Colosseum was built by Emperor Vespasian in AD 80 and is infamous for epic and gory gladiator fights. Immensely impressive with a circumference of 530 metres, the Colosseum was built to house 50,000 spectators. The Forum was the commercial, civil and religious centre of Roman life in the Republican era; walk in the footsteps of Julius Caesar and see the spot where he was assassinated on the Ides of March in 44 BC. The remainder of the day will be supervised time to visit Piazza Popolo and via Del Corso. Farewell dinner in a local restaurant. After dinner, walk as a group to the Trevi fountain, make a wish and savour one last Italian Gelato!

Study skills are often referred to as the "hidden curriculum". Teachers often assume students know how to prepare for a test or exam, however many students lack these essential skills and approach the studying task haphazardly. We tell students to make sure they study for the next upcoming test, but many just don't know where to start. Our brains were not made for school, which means that we need to know the science behind how our brain works in order to understand effective study strategies. It also means that retaining information requires extra work on the part of the student. Knowing just what this work needs to look like, and how to study for a test or exam, is half the battle.

This workshop is designed for high school students (and those entering grade 9 in the fall) and demonstrates:

- How the brain learns
- How to prepare for a test or exam
- Effective and evidence-based (brain science) strategies for writing tests and exams - what works and what doesn't
- Why cramming doesn't work
- Some online tools that can be accessed to make studying a little more interesting and engaging

Students will receive a handout to take home that will help remind them of what they learned.

\*All workshops are capped at 20 students.

\*Pizza and drinks will be served during the workshops.

NOW is the right time to learn these important skills to ensure the information is understood and absorbed!

This workshop is for students who have already registered for our first workshop; Preparing for Tests and Exams, and is an extension of what they need to know as a student to prepare effective study notes. While students may have an understanding of how to study, they may not be using effective note-taking strategies. Quite often students find themselves disorganized and without effective study notes to prepare for a test or exam.

This workshop is designed for high school students (and those entering grade 9 in the fall) and demonstrates:

- Effective note-taking strategies
- Effective reading strategies (how to annotate)
- How to create effective study-ready notes from a lesson, a reading assignment and a video
- Organization techniques

\*All workshops are capped at 20 students.

\*Pizza and drinks will be served during the workshops.

NOW is the right time to learn these important skills to ensure the information is understood and absorbed!

# School Bus Cancellation Notice

To ensure the safety of students, school bus service may be cancelled due to inclement weather, extreme temperatures and/or poor road conditions. In these cases, parents and students should develop alternate care/transportation arrangements.

Since some busing schedules begin by 7:00 a.m., cancellation decisions must be made by 6:00 a.m. to allow time to communicate this message to bus drivers. Cancellation decisions will only be made after thorough consultation with the Safety Officers of school bus companies servicing York Region and are based on several factors including precipitation, air temperature, road conditions and weather forecast.

Please note the following;

- A decision to cancel school bus service will be **region-wide** meaning all school buses, vans and taxis will not operate.
- When bus service is cancelled all school tests and/or examinations will be cancelled and rescheduled.
- Student trips involving the use of school buses will also be cancelled.
- **School bus routes may be cancelled when severe weather may not be affecting all municipalities in York Region.** Both the YRDSB and YCDSB operate many regional educational programs. Students attending these programs are transported over large attendance areas encompassing several municipal boundaries. This limits the ability to cancel bus service using a municipality or zone methodology.

Unless otherwise stated, schools will remain open and parents can make arrangements to transport their children to and from school even if school bus service is cancelled. **If buses are cancelled in the morning, they will not operate in the afternoon. Therefore students transported to school by parents will require the same transportation home.**

Parents, students and school staff are asked to access the following radio and television stations after 6:00 a.m. to receive bus cancellation information:
