Trustee Newsletter Greeting

February 2025

Welcome to the start of the second half of the school year.

Congratulations to secondary school students who have completed exams and culminating activities and are ready to start a new semester, and to elementary school students for all their hard work in the first term. I want to remind families that when report cards are available, you can now access your child's report card through the [Family Dashboard](#).

For students looking at [course selection](#) for next year, the [Experience YRDSB pages](#) on our website will let you explore the areas that interest you and learn more about the courses, programs and opportunities available in your secondary school.

At the end of January, we recognized [Lunar New Year](#), commemorating the first day of the Lunar calendar. Throughout the month, we also recognized [Tamil Heritage Month](#). In February, we recognize Black History Month, I encourage you to check the [Board calendar](#) for upcoming events to celebrate Black excellence and recognize the contributions made by Black Canadians. You can also find information about other upcoming significant dates and events for families.

The [Student Trustee election process](#) is underway for the 2025-2026 school year. Student Trustees play an essential role in our system, representing student voices at the Board table when we are making important decisions, and we greatly appreciate their contributions to our discussions. I would like to congratulate all of the students who put their names forward for the position and encourage all students in Grades 5-12 to take the time to vote.

I'd also like to take this opportunity to thank current Student Trustees Hayden Lai and Mitusaan Kugathasan and Indigenous Student Trustee Natalie Pitawanakwat for their hard work, leadership and commitment to student voice.

As a Board of Trustees, we have several important roles that affect the daily life in our schools and Board.

One of those responsibilities is to set the [policies](#) that govern the operation of schools in YRDSB. Policies cover important topics, such as [assessment and evaluation](#), [field trips](#), [homework](#), [dress code](#), [caring and safe schools](#), [health supports](#), [student leadership](#) and more.

We regularly review Board policies to ensure they are updated and reflect the current context, [priorities](#) and needs of our community and system. An important part of this process is inviting feedback from the community, including families. You can find a [list of all policies and those currently out for comment](#) on our Board website and I encourage you to take a look.

Trustees are also responsible for setting the Board [budget](#). As we prepare to plan for the 2025-2026 school year budget, we will be once again reaching out to families and inviting you to share your input and feedback. Please take the time to review this information when you receive it; your voice is an important part of the process.

We are also working through the District Action Plan to reflect and align with the new [Multi-Year Strategic Plan](#). This plan outlines how we will achieve the priorities set out in the Strategic Plan and focus on serving all students.

I wish everyone all the best as we go into the second half of the school year.

Dr. Elizabeth Sinclair

Trustee, Vaughan Wards 2 and 3

Severe Weather - Bus or School Cancellations

With winter weather here, we want to share some important reminders for families.

When an inclement weather or extreme cold day is declared, school transportation (including buses and taxis) is cancelled in the morning and afternoon. Schools will remain open. If you drive your child to school, or your child takes alternate transportation, you must make arrangements for your child to get home at the end of the day. Please call the school if your child will not be attending school on those days. Students will not be penalized for missing school on these days.

There may be rare instances when emergency winter events occur and we need to close all schools and Board locations. Please take the time to make plans in the event of an emergency school closure.

Information about transportation cancellations and Board closures will be shared through local media,

Board and school websites and on X @YRDSB.

Our process for extreme cold, inclement weather and emergency weather days is outlined in the Board's Severe Weather policy.

Tenants Rights Workshop

You are invited to free Virtual Tenant Rights Workshops offered in partnership with the Canadian Centre for Housing Rights from January through April 2025. Please see [link](#) for more information and registration.

Centre for Black Excellence Mailing List

We would like to encourage families to subscribe to the mailing list to stay up to date with information about school board and community events and programs that would benefit Black students and families with Black children and updates on Board efforts to dismantle anti-Black racism.

Please see our [flyer](#) for more information on how to subscribe to the mailing list.

Sankofa Mentoring Program

The Sankofa Mentoring Program is for students in grades seven to twelve, online on Thursdays from 6:30pm to 8:30pm and two Saturday's per month in person 10 am to 1pm at Bur Oak Secondary School, Markham Ontario. The environment creates a safe space for students, and mentors to come together in unity and learn more about their heritage. Through collective work/responsibility, we have created an environment where creativity and cooperative economics work together to engender self-determination.

The program was developed in the follow structure:

- Rooted in an Afrocentric Framework
- Three tier model (life skills, community engagement and civic responsibility)
- Highlights the principles of the Nguzo Saba – (The Seven Principles) Unity, Self-Determination Collective Work and Responsibility, Cooperative Economics, Purpose, Creativity, Faith, and Self-Respect

Valuable Learning Opportunities through Cooperative Education

Attention Students in Grades 10 and 11, Parents and Guardians,

We are excited to share with you an invaluable opportunity for students to explore real-world work experience and enhance their education through Cooperative Education. This program allows students to gain practical work experience in areas that complement their personal strengths, interests, and educational needs while preparing for the next stage of their lives, whether it be in apprenticeship training, college, university, or the workplace.

What is Cooperative Education?

Cooperative Education, or co-op, enables students to participate in learning experiences outside the classroom in real-world work environments. It connects classroom learning with workplace experience, providing students with a deeper understanding of their studies while preparing them for future career opportunities.

Benefits of Cooperative Education:

- **Gain Practical Work Experience:** Students have the chance to apply academic knowledge in real-world situations in areas that align with their personal strengths and career aspirations.
- **Discover New Personal Strengths and Skills:** Students will develop and strengthen key skills, both technical and interpersonal, in a work environment.
- **Actively Learn as a Responsible Team Member:** Experience life as a member of a professional team, learning the essential traits of reliability, communication, and collaboration.
- **Access Workplace Opportunities Not Available to Students Prior to Formal Training:** Co-op teachers assist in securing placements that may not be readily available to students without prior experience, opening doors to career fields that align with their interests.

- **Extend High School Experience:** Co-op allows students to gain hands-on experience before deciding on their post-secondary path, helping to confirm career interests and better understand career options.
- **Confirm Career Decisions:** Experience first-hand the job you're interested in before committing to post-secondary education, including apprenticeships, college, or university.
- **Network and Build Contacts:** Students will make valuable connections in their field of interest, providing future networking opportunities and gaining references for future employment.
- **Develop Marketable Skills for Success:** Co-op helps students acquire the professional skills necessary to thrive in today's workplace, giving them a competitive edge as they transition into post-secondary and employment.

How to Get Involved:

We encourage students in grades 10 and 11 to consider this fantastic opportunity. Speak with your guidance counselor or email christina.bazzo@yrdsb.ca for more details. The co-op program will allow you to gain valuable experience that will benefit you in both your academic and career journey. Thank you for supporting your student's growth and development as they embark on this exciting learning opportunity. We look forward to seeing the positive impact that Cooperative Education will have on their future.

Health Care Plans for Students

If your child has a serious life-threatening allergy or medical condition, please inform the office to complete the appropriate medical forms. There are students and staff members in our school who have life-threatening allergies to nuts and other allergens. To help create an allergen-safe environment, do not bring nuts or nut products to school.

It is critical that parents and guardians share information with us about students' serious or life-threatening medical conditions or other health-related matters so that we can create fulsome Health Care Plans that

help keep students safe. We encourage students, who are able, to contribute to the creation of these plans too.

Please access forms below as needed. Completed forms and medication can be placed in a sealable bag, with the student's name marked on the bag and left in the Main Office. As always, please contact us with any questions or concerns.
