MODERN LEARNING STRATEGY

To advance student achievement and well-being through public education, which motivates learners, fosters inclusion, inspires innovation and builds community.

BUILDING KNOWLEDGE AND CAPACITY

Building knowledge and capacity involves creating deep understandings and practical skills as well as supporting educators, students, parents and communities to engage in modern learning. Essential components along this journey are rich skills and norms that support us as engaged and informed citizens of the world.

EDUCATIONAL DESIGN

Environmental Design

Environmental Design is the task of designing technology and physical space to be inclusive, innovative and responsive to student needs.

COLLABORATIVE LEARNING COMMUNITIES

Collaborative Learning Communities

Collaborative Learning Communities build support and performance among students, educators, families and community partners, and to create flexible learning environments. Learners in collaborative communities embrace challenge, curiosity and personal responsibility for their learning.

PROFESSIONAL LEARNING

Professional Learning

Professional Learning is effective when it is:

- responsive to students' demands, closing learning and well-being gaps as identified by student and educator perceptions
- based on high-quality, evidence-based research
- designed to engage professional learning communities
- supports educators' ability to learn in different ways (e.g., collaborative learning, self-directed learning)

Innovations in Practice

Innovations in Practice are central to the modern learning agenda, as they:

- engage students in authentic, experiential and relevant learning experiences
- leverage digital tools to enhance pedagogy, and
- support decision-making and the appropriate purchase of materials, indoor and outdoor spaces.

RESOURCES

Resources

Resources are efficient and effective to focus on what matters most.

COLLABORATIVE LEARNING COMMUNITIES

Collaborative Learning Communities build support and performance among students, educators, families and community partners, and to create flexible learning environments. Learners in collaborative communities embrace challenge, curiosity and personal responsibility for their learning.

MISSION

To advance student achievement and well-being through public education, which motivates learners, fosters inclusion, inspires innovation and builds community.
