

## **Before and After School Programs**

The York Region District School Board is currently exploring the possibility of housing a Before and After School Care Program for children 6 to 12 years who will be attending the new school, Unnamed Stouffville (French Immersion) Elementary School, scheduled to open September 2025.

In order to proceed, we must first determine the need for an on-site Before and After School Care Program at the new school, therefore we are surveying the school communities.

If you are interested in this service, please take the time to complete this survey.

[Before and After School Care Survey for Unnamed Stouffville \(French Immersion\) Elementary School](#)

An onsite before and after care program would operate before and after school as well as full day programs (7am – 6pm) on Professional Activity days, March Break and if a need is apparent, through the summer months.

If significant interest is shown (at least 15 positive responses); we will explore the opportunities of meeting the needs of the community and begin the process of selecting a third party licensed childcare operator to provide the service.

**The survey will be opened until Friday, March 14, 2025, 5:00 PM**

Once a childcare agency is chosen to operate the before and after care program at the new school, information on how to register will be shared through the York Region District School Board website - new schools link.
